How to get to our hotel

If you are coming from San Fernando or crossing the Jose Leon de Carranza bridge from Seville you will be driving through Cadiz's main avenue. Hotel Argantonio is located in Old Cadiz and in order to arrive here you will have to drive through the main avenue until reaching Plaza de España.

Continue around Plaza de España and you will see a pink building on the left, the Diputacion Provincial de Cadiz, and on your right a small art gallery, the Galeria Benot. Move forward slowly and turn on to the next street, Calle General Duque and the first street on the left, Calle Argantonio.
